CRANE MERCHANDISING SYSTEMS

A large choice of high quality hot and cold beverages

Quality | Choice | Satisfaction

Voce is a truly versatile hot beverage solution for all locations, delivering an unrivalled choice of beverages from instant, freshbrew, roast & ground and bean to cup models, with the option to include chilled still and sparkling drinks.

The future, today...

Voce's modern design will enhance any location. The flat glass door provides the highest quality look and feel and with illuminated graphic panels is certain to entice consumers to try the quality beverages on offer.

The Voce range includes:

- A large selection menu area with a choice of build-a-drink or numeric selection keypad
- High impact, illuminated graphic panels
- Easy to brand, quick change top and bottom graphic panels and slide in menus can be customised to suit your brand or location
- Fast vend times, the perfect solution for workplace, office and leisure locations
- Flexible cup drop unit available in 7oz, 9oz or 12oz sizes with up to 600 cup capacity
- Operator friendly, easy to clean, fill and service
- Incorporates **SureVend™**. An infra-red sensor detects that a cup has dropped or that a user's own mug is in place
- Compliments the Crane range of Snack, Food and Cold Beverage equipment

Environmentally friendly

Voce is Crane's greenest machine, manufactured where possible using recyclable materials. Voce incorporates low energy LED lighting and energy saving software which significantly reduces energy consumption during out of hours operation.

Voce is also available with a **CarbonNeutral** option, where carbon credits can be purchased to offset the use and placement of the machine for a five year period – a first for a vending manufacturer.

Customer satisfaction guaranteed

Oltre Brewer Inside

Voce freshbrew models incorporate the patented Oltre brewer, providing a terrific opportunity to increase sales through great tasting tea and coffee beverages. The Oltre brewer is simple and easy to use, resulting in high reliability, providing greater customer satisfaction and maximising up time.

- Highest quality freshly brewed tea & coffee beverages
- Operator friendly, easy to clean and service in less time
- Paperless, reduces waste and eliminates 'out of paper' visits
- Continuous mesh filter, lasts a minimum of 5000 vends
- Industry leading reliability – tested to over 4 million vends

Co-Ex® Brewer Inside

Voce bean to cup and roast & ground models incorporate the Co-Ex® brewer, producing the highest quality espresso based beverages. Bring coffee shop menus to your office or workplace, and enjoy Espresso, Cappuccino, and Lattes brewed fresh from beans ground on demand, or made from espresso roast and ground coffee.

- Coffee shop quality coffees brewed at high pressure
- Filter coffee drinks brewed at lower pressure
- Large menu choice – consumer satisfaction guaranteed
- Operator friendly, easily removed for cleaning

The Complete Vending Solution

Place the Voce with the Crane range of snack, food and cold beverage equipment to create a vending solution that satisfies the requirements of any location.
